Four-Way Squeeze Stormy Days Predicted for Laval Regime On Axis Launched By Allied Forces

By ROGER D. GREENE Associated Press War Editor

Across 1.000 miles of desert, Fighting French columns rom Lake Chad were reported driving toward the "back loor" of Italian Tripolitania today as part of a four-way queeze on Axis forces in North Africa while American and British troops struck deeper into Tunisia.

Lake Chad is in the heart of French Equatorial Africa, about 1,200 miles south of the Mediterranean.

esponsible Foreign Diplomatic Source Says Aristocratic Officials Forming Defeatist Junta

By ROBERT BRUNNELLE London, Nov. 19.—(A)—A re-

onsible foreign diplomatic source aristocratic German military ders, convinced that Hitler cansolate" the fuehrer in order to tania. h the Allies in the event of a demate, peace or defeat. The foreign diplomatic source.

o said he believed his informan is reliable, declared leaders the junta included Field Marshal neral Walther von Brauchitsch. o was dismissed as army comander-in-chief last winter after unseling against Hitler's winter mpaign against Moscow; Field arshal Fedor von Bock, who was sted in the midst of the drive gy salt marshes and the sea. ainst Stalingrad this fall, and eir followers. Both these genals are reported to have disreed with Hitler's strategy.

Also included in the junta, it s reported, are Gen. Franz lder, who like von Bock wanted withdraw the southeastern Gern armies behind the Don before was too late this fall; Gen. itz Erich von Mannstein, Field rshal Gen. Karl Rudolf Gerd

Sen. Chapman According to a Pittsburgh paper

Republican members of the state enate have been called to meet November 28 at Harrisburg to organize plans for the 1943 Assembly which convenes in January. A new floor leader and new pre-

sident pro-tem of the Senate are expected to be named with the leadership divided between the Pew and Grundy forces. Mentioned for majority leader is

Senator Weldon B. Heyburn, Delaware, who carried the Pew banner. For president pro-tem, the office that carries control of important committee assignments, Senator Leroy E. Chapman, Warren, is being boosted by the Grundy forces. Heyburn would succeed Senator James A. Geltz, Ingomar, who was re-elected, but ready to give up the floor leader's role that he held

in 1941 and '42. Chapman is being geared to succeed Senator Charles H. Ealy, Somerset, who was president protem of the 1941 Senate.

Republicans have a 12 - vote working majority in the new senate, which is one less than they held in 1941 and three less than is necessary for two-thirds con-

stacle in administrative appointments that confronted Governor James. The Democratic minority has the votes to block confirmation of any appointment repugnant to it.

TIMES TOPICS

ANOTHER PICKUP DAY

The Salvage Committee of the Warren County Defense Council announces next Tuesday, November 24, has been designated as another "scrap pickup day" and anyone having materials to be collected is asked to call the defense office, 3048. As the result of its recent countywide collection, Warren now stands second among the state's 67 counties and any bettering of that record will be entirely up to the residents and their response to these scrap pickup calls.

SIREN TESTED AGAIN

The air raid siren which was given a preliminary test on Tuesday was again tested yesterday on the East Side. The tests are among a series that will be made tem so developed that every person in the borough can hear the sirens when they sound an alarm.

Former Boy From Warren Dies In Crash

Relatives here have just received word that Ensign Harold D. Webster, Jr., son of Mr. and Mrs. Harold D. Webster, of 114 Inglewood avenue, Springfield, Mass., was killed in August in a navy

The Websters formerly resided in Warren, the young man's mother being the former Mae Leonard. Details of the time and place of the tragic ahppening were not revealed in the notification sent the family by the navy department.

Ensign Webster enlisted in February, 1941, and received his preliminary training at the Squantum naval reserve air base. He was then sent to Jacksonville, Fla., where he was graduated, received his commission and his navy wings. Later he was transferred to the navy station at Norfolk and, still later, to Charleston, S.

Youngsville Entertains Past Grands

NATIONAL BOOK WEEK

Not even the first Book Week in 1919 had the significance of the one being celebrated over the country this week. What children read has always been important but probably never so much as now.

Elmer Davis, head of the Office of War Information, in a recent message to American librarians stressed the fact that one of the first acts of the Japanese in the Philippines was to destroy an American library, adopting the typical Nazi practice for themselves. "They brought directly home to Americans the menace of this war to American civilization, American culture, and American books as well as those who use American books, produce American books, and care for American books. . . . Thus the position of librarians is underlined emphatically in this war. . . . They are combatants from this time on in all countries where free libraries and a free culture still exist.'

One of the most important duties intrusted to librarians today is to help keep childhood as stable and happy as possible. This year's Book Week slogan, Forward With Books, is a fitting one. While adults fight to preserve the present, our young people must be provided with mental ammunition for the future.

Warren boys and girls have been in a great state of excitement this week over the Book Week exhibits in the Children's Department. One small boy from the second grade in a great burst of generous enthusiasm said yesterday afternoon, "This is the best thing I've seen in a long time; it just shows you're doing some pretty good work around here." Which made a particularly high spot in the library for that day!

WORTHY CHARITY

Cooperation of every family in the community is solicited in the annual campaign to be staged tomorrow and Saturday by the Lions Club for the Warren Relief Association. Attention is called to the fact that the rooms at 229 Liberty street will be open all day tomorrow and Saturday to receive donations of food, clothing, beddings, shoes, rubbers and other usable apparel. Because of the war, collections will not be made this year and contributors are asked, if possible, to deliver articles to headquarters. However, if this is impossible. they will be called for if information is telephoned to the office, 2491. Articles gathered are to be used in helping to relieve destitute families.

TEACHERS OF JAPANESE

New York's Mayor La Guardia is considering putting courses in the Chinese and Japanese languages into the metropolis' high schools. Presumably other cities are pondering similar schemes.

Yes-but-

The idea is fine. But so far as Japanese is concerned, the Army cannot get enough competent interpreters for its most pressing needs. Unless they can be taken from those not truthworthy enough for Army use, we can't see where the schools are to find competent instructors. And do we want our children taught by Japanese who cannot satisfy government tests as to

HELP YANK

The weekly official service men's newspaper, Yank, is asking for subscriptions from civilians who are interested in members of our armed forces. We have no hesitation in suggesting that our readers co-operate.

A good service man's publication—and Yank is—is a prime factor in creating and maintaining morale among the fighters. To publish such a newspaper costs money. The small subscription price is a petty contribution to such a cause.

And, if this has any bearing, we might add that you would enjoy Yank.

SUBS WORK BOTH WAYS

We incline to think of submarines as a horrible menace, which they are. But let's not forget that they are a two-edged menace.

The Germans used them first, or no civilized nation could have realized their potentiality. But fighting fire with fire, we are using them, today, at least as effectively as are our enemies.

When Japan is beaten and the details of this war become published history, it may develop that American submarines played a major part in bringing victory.

These are ominous days for the people of Turkey and the turkeys in Warren county.

Looks like the weatherman is cooperating with bears hereabouts.

Ready To Give Up a Distinction

Washington In Wartime

By JACK STINNETT

ASHINGTON - Civilian morale is made up of thousands things—most of them small. or example, in a capital departnent store the other day, a wo-nan customer fumed loud and ong because the clerk refused to ell her a tube of toothpaste uness she turned in an old tube. When the customer had stalked angrily away, the clerk shrugged. hook her head and said: "Life in this department is no fun. We

I'm not one who thinks civilian morale in Washington or the rest of the United States is at a low ebb, but I was surprised at that one. This war isn't going to be won or lost with old tooth paste and shaving cream tubes, but if the irate customer and the thousands like her knew how much more quickly it might be won with them, I think they would sing a different tune.

have that to contend with 20 times

N SIX months after the then OPM issued the tube-for-tube order, 1,168,000 pounds of metal tubes had been reclaimed by the Tin Salvage Institute, the dollar a-year association of manufacturers which in this drive has fronted for the Metals Reserve Company, a subsidiary of the Reconstruction Finance Corp.

The tubes already collected

girl out for a big time in the big

her how to save a dime on lemon

nothing about Marcy is

Marcy, however, took over. She

that was that.

TEW YORK-When a girl is red-

headed and freckle-faced and

represent a half million pounds of tin and half of that already has been allocated to war indus-

The average size tooth paste or shaving cream tube contains about a half ounce of tin and 60 supply enough in to do all the soldering of electrical connections on a fighting plane and 240 will do the same for a Flying Fortress.

jective since the Japs shut off our of new Russell-Lander road source of supply in the South Pacific, reclamation also produces thousands of pounds of aluminum and lead for the war

course, when there will be no more tin tubes. Manufacture of them stopped April 1, 1942, when the tube-for-tube order was issued. But that time may be some months away. The Tin Salvage Institute estimates that the average life of a tube from time of manu facture until it is discarded is about 15 months.

To get back to the department store clerk, she said one of the chief complaints of irate custom ers was that "somebody is mak ing money out of all these tubes.

Somebody is, but don't let that worry you. It's the Metals Reserve Co. which is RFC, which is Uncle

ness was a cocktail party, and

Marcy had the grand old-fash-ioned idea that the hostess at a

party should try to do something

about entertainment. So she sang

and danced and one song she sang

was something pretty special be-

cause Marcy has a good range. The way it worked out, the

screen writers and a lot of others

got to following her around, and

sking her to sing for them. Marcy

is about as high-hat as last year's

carpet slippers, and she takes root in a hurry. The inevitable hap-

pened, of course. Marcy came

down with laryngitis, which is

known in Des Moines and in my

home town as a sore throat

Nearly everyone who comes to

New York between fall and

spring gets a sore throat in a

couple of days. It's the damp cli-

like a big sister, and acts like one.

Instead of talking about Marcy

like a little precious, she was

filled with news of her husband who recently sold his printing

business in Chicago to get a vaca-

tion before his anticipated call

about her age in order to sing in Chicago. "But they are catching

CIVIL SERVICE

Federal offices in Washington D. C., need teletype operators and office appliance repairmen, the U. S. Civil Service Commission announced. In addition, Federal laboratories throughout the United States are in need of Junior Chemists and Chemical Aids.

Operators of multiplex, simplex or teletype machines may qualify for the Washington positions if they have had at least 2 weeks of appropriate training or experience and can type accurately by touch 35 words a minute on a communications machine. Positions pay \$1,440 and \$1,620 a year.

There is no written test and no maximum age limit for any of these positions. Applications should be filed with the United States Civil Service Commission, Washington, D. C., and will be accepted until the needs of the service have been met. vice have been met.

Fingerprint classifiers are requested to note the closing of the U. S. Civil Service examination for Assistant Fingerprint Classifier. Applications for this position must be filed with the Commisson's Washington office on or before November 21, 1942.

Full information as to requirements, and application forms, may be obtained from W. U. McMichael. Secretary of the Board of U. S Civil Service Examiners at the post office of customhouse in this city, or from the Secretary of the Board of U. S. Civil Service Examiners at first and second-class

EMMA L GERHART Services in memory of Emma L.

Gerhart, former Warren teacher, were held at the Lamm Funeral Bernard and Joe King, students Home in Wernersville at two George Ehrgood officiated and interment was in the Hain's church

> Miss Gerhart passed away November 15 in the Flower Fifth Avenue Hospital, New York City, where she underwent a serious operation on November 11. She was the daughter of the late Franklin P. and Emma Peiffer Gerhart and is survived by one sister, Miss Elizabeth E. Gerhart, of Wernersville, and two brothers, Dr. Paul H. Gerhart, of Mt. Gretna, and J. Irwin Gerhart, of Wernersville. She was a graduate of Werners-

ville High School and Kutztown ren spent Thursday in Tidioute. State Normal School and held a bachelor of arts degree from the University of Pittsburgh. She taught in Wernersville and West Reading before coming to Warren. She was a popular and highly esteemed teacher in the Warren schools from September, 1925, to March 18, 1941. She has been on sabbatical leave and leave of absence since receiving an injury when she fell in the Beaty school. Miss Gerhart was active in ex-

tracurrocular activities of the school, having been in charge of the Beaty Torch for several years. She was also active in community affairs and had a wide circle of friends. She was a member of the Association of College Women of Warren and an active member of the Warren Players.

Scheduled By Legionnaire s

Members of Chief Cornplanter Post No. 135, American Legion are looking forward to two important events at the Legion Home in the next three days.

First will be their turkey party which will be held at 8 o'clock tomorrow evening. The affair is open to all Legionnaires and invited guests and will feature real, live turkeys as prizes, as well as other attractive favors. During the evening a buffet luncheon will be served by the Legion's House Committee.

On Monday evening, November 23rd, the regular semi-monthly meeting of the post will be held with several important items of business to come before the members. Commander Meade stated this morning that the chief items of business will be consideration of the "Jallopy Drive" which is being actively sponsored by the Department of Pennsylvania as an adjunct to the current scrap and salvage drive.

Department representatives have been in Warren conferring with Commander Meade and other Legion officers regarding this program and it is hoped that members of the local post will actively in London is the human skeleton pass an anti-trust law. Rouilly, who im- its legislature outlawed the railcampaign will be divulged at Mon- medical students. day's meeting and a large turn. out is looked for so that members of the post can give this their active support.

Many Events HERE ARE THE THINGS SERVICE MEN WANT

One you may never have thought of . .

· You can't send service men even the small personal gifts you ordinarily gave. And bigger things take up too much space; soldiers and sailors have to "travel light." But their letters ask the "folks back home" for these: cigarettes, home-made cake, pen and pencil with clips; wallets with insignia. And it's amazing how many ask for Noxzema. Here's why:

Men in the service are out in all kinds of weather. They get windburned, sunburned, chafed. Feet get sore, hands chapped; shaving in cold water becomes a major problem. They want Noxzema because this one jar, that takes so little space, brings such quick relief these 5 ways:

SHAVING IRRITATION. Nozzema softens tough beard, helps protect sensitive skin, even when shaving with cold water. It's a grand brush-lass shave, too; can be used without water.

2 TIRED, BURNING FEET. A little Noxzema rubbed in after a day's march brings wonderful re-lief; it's greaseless; won't stain socks or bed clothes.

3 PAINFUL CHAFING. Rough work clothes often bring on chafed spots; Noxzema gives quick, soothing relief, helps promote quicker healing. 4 SUNBURN AND WINDBURN, Nozzema

butned skin.

5 CHAPPED HANDS, FACE, LIPS. Noxzema is medicated; it helps heal the tiny cuts in rough, chapped skin

Give some man in the service 2 treat he'll thank you for! Get a jar of Noxzema at any drug store and include it in your next package. SPECIAL OFFER! For alimited time,

you can get the big 75¢ jar of Noxzema for only 49¢ (plus tax). Don't miss this offer!

Now for that heavenly Pillsbury biscuit-

Imagine savory meat and vegetable flavors blending with those exquisitely tender, flaky biscuit rolls! And remember, no matter what you want to bake, be it biscuits like these, or luscious cakes, cookies, pies, or the finest home-made breads you ever baked, Pillsbury's Best is exactly the flour you need. For Pillsbury's Best is a truly all-purpose flour. It's truly dependable, too, for it's BAKE-PROVED by actual baking tests 4 to 6 times daily during milling. Satisfaction guaranteed or your money back.

Good! They'll love every morsel of this thrifty busy-day dinner! And they'll get something extra from it, too-because Pillsbury's Best is enriched with two essential B-vitamins and iron. Bake it tonight—and you'll depend on Pillsbury's Best for all your baking from now on.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the game as bowels, so ask your drugrist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Ohio State Has Hopes Of A Victory Over Michigan Team

might be able to ramble Saturday against Michigan today raised hopes of Ohio State's rabid fandom for their first victory in five years over their bitter rivals.

Thomas Laverne James, freckle-faced Massillon red-head, came into his own last Saturday as a "spot" runner, scoring touchdowns on 76 and 33 yard runs against Illinois. But before the game was half over he was thrown hard out-of-bounds and suffered a shoulder separation.

While Coach Paul Brown has insisted the past three days that he was not counting on the fast, 160-pounder in the big ten champ-ionship tilt with Michigan, he told the downtown quarterback club last night:

"Tommy has not been out of ever, he is a boy who responds to powerful Penn. treatment and he has never misright wingback, where he can cary the ballin his left arm."

The right wingback, played regularly by Les Horvath, another light speedster, wouldn't be a new spot for Sophomore James who has alternated with Paul Sarringhaus at left halfback. James play-

To Speed Up Milk Output

(From Page One) department who asked that they not be quoted.

Regardless of whether special inducements are offered, the production of milk and dairy products in 1943 is expected by Secretary of Agriculture Wickard to fall short of requirements of the armed forces, the lend-lease program, and civilians.

Board of Directors of the Clarendon Borough School District.

Mystery in Death Of Couple Found in Home on South Side

(Fron. Page One) ernoon, he stated, he visited the home in an effort to learn why Mr. Schoolmaster was not working and found the house locked up, the shades all pulled down, lights burning, and papers on the porch. He returned again yesterday afternoon and, becoming suspicious, notified the police. Chief George Haehn and Patrolman M. Evan responded after notifying Coroner Ed Lowrey.

Forcing entry into the home, the officials found it filled with stifling heat and fumes from a pan over a high fire in the kitchen stove in which seven jars had been placed for cold packing. It is believed the couple were engaged in canning meat when they were stricken. Both were lying on their backs and so badly decomposed that it was impossible to determine whether there had been violence. Position of the bodies indicated that they may have been overcome.

Neighbors stated that the couple were seen about the home Friday evening before dark. The fact that most of the lights in the home were burning and the thermostat on the gas furnace was turned almost to 90 gives reason for the belief that they may have died some time that evening.

A physician who examined the bodies stated that so far as it was possible to determine there were no marks of violence.

Officials stated that the heat was so intense in the house that candles in the dining room melted to the top of the buffet.

Glenn F. Schoolmaster was born in Warren on August 31, 1896 and served with the AEF in France and Germany in World War I. A private in the medical detachment, 150th Field Artillery of the famous Rainbow Division, he left for foreign service on October 6, 1918 and returned April 20, 1919, serving with the army of occupation in Germany from November 11, 1918 to March 20 of the following
